# Libretto 50CT

- 210 x 115 x 34 mm
- 850 grammes
- Full Windows 95 functionality
- 6.1" TFT colour screen
- 75 MHz Pentium® processor

Libretto

In Touch with Tomorrow  
**TOSHIBA**

**Take it from Toshiba.** We let others handle the personal data assistants and hand-helds. When we work on this scale, it can mean only one thing: a fully-fledged notebook. That's right – a petite package measuring only 210 x 115 x 34 mm. And the Libretto 50CT doesn't compromise on the performance end. It supports Windows 95 and comes with a 75 MHz Pentium processor, 6.1" TFT screen, 810 mill. byte hard disk capacity. All with the same quality you've come to expect from Toshiba notebooks. Isn't it time you talked to your Toshiba reseller?

**Mini-notebook with mega-vision:** You get the big picture thanks to a 6.1" TFT screen sporting 16.7 million brilliant colours.

**Small solution, major mobility:** Sometimes the nearest outlet isn't near enough. Time for the additional battery boosting operating time up to 3.5 hours!

**For bigger challenges:** Increase your options with the Mini Card Station, featuring an additional slot for PC cards.

**In the big league:** The integrated slot gives you big-time capabilities. For instance, through easy connection with external disk drives.

**Processor**

Intel Pentium® processor, 75 MHz int./50 MHz ext., 2.9 volt core using Voltage Reduction Technology, 16 KB cache on chip

**Memory**

Standard 16 MB EDO RAM, expandable to 32 MB

**Hard disk**

810 mill. byte capacity (770 MB),

**Diskette drive**

External: 3.5" 1.44 MB/720 KB

**Display**

6.1" TFT colour screen

**Graphics adapter**
